## **PRE-VASECTOMY SUMMARY**

Please review this information, initial after each point, and sign at the bottom:

1. I have read the vasectomy information sheet, which I have initialed, I understand it, and have no additional questions at this time. \_\_\_\_
2. This operation can fail to achieve sterility. \_\_\_\_
3. This operation may work initially and then fail later within the first year \_\_\_\_
4. I know that the operation is a success when semen analysis confirms zero sperm (or rare non-motile sperm) after 20 ejaculates. \_\_\_\_
5. I bring in semen sample for analysis 10 weeks after vasectomy. \_\_\_\_
6. It will be safe to have intercourse without using some form of birth control once zero sperm (or rare non-motile sperm) have been confirmed. \_\_\_\_
